

X-Rated Adventures in the Land of Stupid

By Geogige Pupa

Long ago and far away, in the Land of Stupid, the pickle and the mushroom were running around in the forest. They took off all their clothes, because it was Nude Day in the Land of Stupid. Everything was the same, except that no one wore any clothes.

While they were running, they bumped into an active electric fence. They got all tangled up, and it started to fry them. Then a pretzel jumped out of a tree and said, "Hi, I'm Captain Pretzel. Can I give you some advice?"

They said, "Sure!"

Captain Pretzel said, "Get untangled." They did. Captain Pretzel sent them to a corner for two hours as punishment for almost frying to death. Then he put them in a fire engine and took them to the hospital.

The doctor who helped them was inside of a fruit cake looking at pictures of Nurse Tomato. Then he came out to look at the pickle and the mushroom. He said, "Hi, I'm Doctor Carrot! People say I'm an expert, but that's a lie. People say I'm not sincere about my work; well, I've never lost a patient. I know where each and every one is buried! So where's the victim?"

The pickle and the mushroom raised their hands. Dr. Carrot told them that he didn't support vegetable rights. Then he asked them if they had a coin. The pickle handed him a quarter. Dr. Carrot said, "Heads: we do surgery; tails: we let you live."

At that moment, Nurse Tomato walked in. Dr. Carrot cut her in half with a buzz-saw and ate out all her guts. He said, "Well, I had to have one victim today; I'm a vampire carrot." The pickle, the mushroom, and Captain Pretzel looked at each other and ran away.

The pickle and the mushroom eventually recovered from the electrocution, and they lived strangely ever after.

The End
